

HCBS Reform Community Forums

Fall 2016

Wednesday, November 16, 2016 – Bethel, 7 participants

- How do we encourage the community to get more involved in senior services and support since there are no private Assisted Living Homes in this region?
- Would CCDG case managers need to become certified care coordinators?
- If yes, what happens if they are conflicted?
- For settings requirements, how flexible will CMS be with rural areas?
- Why is the QDC still required annually for people with developmental disabilities when their disability will not change?
- In YKHC region, can river in winter be used for transportation or is insurance too costly?
- How does the new tribal 100% FMAP weave into the plan?
- For people on federal grants now, would their services be disrupted?
- Is there anyone the tribes can contact to get more information about senior services?
